

# Magnolia Room

During this time of uncertainty, we understand that safety is top priority. For this reason, we are offering several options to tour the facility safely and responsibly.

## Right Now

Due to current safety concerns, A Facetime tour is the best option at this time. As you are looking at the venue live through your phone/desktop we will walk you through the ballroom and answer any questions that you may have as we do the live tour. This option will give you a feel for the ballroom without leaving home. We can add as many people as you wish to these calls.

## Coming Soon

As soon as state restrictions are relaxed, we will be offering a ‘no contact tour’. This option will allow you the opportunity to look around the building with no supervision. For your safety, we will have the hard surfaces sanitized before each tour. Please check back on when we can offer this option. (restrictions will apply)

## In the Future

Once we are back on track, we will again offer our comprehensive face to face tour.

PLEASE CHECK OUT OUR VIRTUAL TOUR | [www.magnoliaroom.com](http://www.magnoliaroom.com)

We understand that each client’s needs are different so please call us if we need to adjust our tours to fit your needs.

Thank you for your understanding and we look forward to talking with you real soon.
